**Management and security of personal information**

St Mary’s staff are required to respect the confidentiality of pupils' and Parents' personal information and the privacy of individuals.

St Mary’s has in place steps to protect the personal information St Mary’s holds from misuse, interference and loss, unauthorised access, modification or disclosure by use of various methods including locked storage of paper records and password access rights to computerised records.

**Access and correction of personal information**

Under the Commonwealth Privacy Act and the Health Records Act, an individual has the right to obtain access to any personal information and health records respectively which St Mary’s holds about them and to advise St Mary’s of any perceived inaccuracy. Pupils will generally be able to access and update their personal information through their Parents, but older pupils may seek access and correction themselves.
There are some exceptions to these rights set out in the applicable legislation.

To make a request to access or update any personal information St Mary’s holds about you or your child, please contact Lynne O’Meara, the school principal by telephone or in writing. St Mary’s may require you to verify your identity and specify what information you require. St Mary's may charge a fee to cover the cost of verifying your application and locating, retrieving, reviewing and copying any material requested. If the information sought is extensive, St Mary’s will advise the likely cost in advance. If we cannot provide you with access to that information, we will provide you with written notice explaining the reasons for refusal.

Consent and rights of access to the personal information of pupils

St Mary’s respects every Parent's right to make decisions concerning their child's education. Generally, St Mary’s will refer any requests for consent and notices in relation to the personal information of a pupil to the pupil’s Parents. St Mary’s will treat consent given by Parents as consent given on behalf of the pupil, and notice to Parents will act as notice given to the pupil.

Parents may seek access to personal information held by St Mary’s about them or their child by contacting the School Principal or School Administrator by telephone or in writing. However, there may be occasions when access is denied. Such occasions would include where release of the information would have an unreasonable impact on the privacy of others, or where the release may result in a breach of St Mary’s duty of care to the pupil.

St Mary’s may, at its discretion, on the request of a pupil grant that pupil access to information held by St Mary’s about them, or allow a pupil to give or withhold consent to the use of their personal information, independently of their Parents. This would normally be done only when the maturity of the pupil and/or the pupil's personal circumstances warrant it.
