

The St.Mary's Mt.Evelyn Parent Facebook page is not a page which is run by the school, however because it reflects aspects of our community, those who use it do have an obligation to behave in a manner which would make the St Mary's Community both comfortable and proud.

The St.Mary's Mt.Evelyn Parents Facebook page is:

- A Facebook page which carries St Mary's name but is not run by the school
- A community page that contributes to the St Mary's reputation for "Love Above All" & is potentially an advert for our school
- A great resource for last minute questions & positive conversation concerning the St Mary's school community
- A terrific communication tool that should promote positivity and welcome
- Managed by volunteer administrators who will remove posts/comments if deemed inappropriate
- Not the place for: negative conversation, private jokes, offensive language/jokes & suggestive acronyms (all of this can be communicated if necessary in a private space using private messaging or your personal Facebook page)
